

ES700 TIME RECORDER

The World's Most Recognized Time Clocks.

ES700 Time Recorder

Multi-functional time recorder and document stamp that never needs resetting. Automatically adjusts for daylight saving time.

Atomic feature synchronizes time automatically providing accurate time from U.S. Atomic Clock. Features built-in back-up battery that ensures the perpetual calendar will maintain the correct time, even through daylight saving time changes.

Set it once and forget it. This exceedingly accurate time recorder includes battery backup in case of power failure and automatically changes between standard time and daylight saving time.

User can select print format and choose automatic, semi-automatic or manual printing. Select to print day/date/month and two or four digit year. Choice of standard minutes, tenths or hundredths. Programmable to print in seconds. User selectable hour format (12 or 24)

- Right or left side printing, adjustable margins.
- Program is protected by user selected, 4 digit numeric password.
- Easy to read LCD display indicates date, time and day of week.
